

March 16, 2010 Luncheon

Presented by: Aman Motwane

Topic: Out of the Doldrums Overnight

Speaker: Aman Motwane

Aman Motwane has been featured in the national media as the UnGuru. That's because, unlike most gurus and experts today who teach you rules and laws that become quickly obsolete and irrelevant, he teaches you have to transcend rules and laws and remain timely and timeless, no matter what's happening to the economy or to the external environment.

This program will highlight the idea that the fastest way to get out of the doldrums is to become extraordinary across a wide spectrum of skills --- become great at leadership, negotiating, innovating, communicating, teamwork, selling, time management, managing upward, downward and sideways. You will learn how the truly successful individuals and organizations master multiple skills simultaneously. You will understand why the traditional ways of learning – lots of information, rules, laws, scripts, prescriptions, etc – actually hinder performance, increase your workload and detract you from what will actually produce results.
